

CAETS Communication Prizes 2021

International Judging Panel

Expression of Interest

The CAETS Communication Prizes recognise effective audiovisual communication to a general audience of how applied technology and engineering has been or can be used to address a real-world problem, and the resulting benefits to the economy and society.

Each member academy is to submit no more than two videos (one for each category), except where they are submitting entries from different genders. In this instance, a member academy may submit one male and one female entrant video for both categories.

Timeline

Entries for international judging close on 30 June 2021.

International judging commences on 1 July 2021

International winners are selected by 31 August 2021

Winners are announced on 19 September 2021.

International Judging Panel

International judging for the inaugural CAETS Communication Prizes will be conducted by a panel comprising:

- Chair CAETS Communications Committee
- Deputy Chair CAETS Communications Committee
- Representatives of member academies currently serving on the CAETS Board
